TIPS FOR A FLAWLESS PORTRAIT SESSION

Please arrive 10-15 minutes early to your session. There is most likely someone scheduled right after you; therefore, if you are late, it may cut into your session time.

Avoid changing your hair style right before your session. If you are getting your hair cut, do it at least a week before your appointment. You are permitted to change your hairstyle during the session if it is a quick and easy hairstyle. We don't want you to lose time in front of the camera. Guys should make sure to shave a day before the session to avoid irritated skin.

Wear your makeup as you normally would, but simply apply it slightly heavier than normal. If you are not used to wearing makeup, a touch of foundation will smooth your skin tones and make them even. Mascara will make your eyes stand out. Avoid too much dark eyeliner as it tends to make the eyes appear dark.

Breakouts happen to everyone! Don't worry about it. We offer different options for retouching and will make you look flawless.

Try to avoid too much sun exposure right before your session. Tan lines and sunburns will show up in your senior portraits and are often difficult to retouch.

Iron and hang any clothes that easily wrinkle up on a hangar the night before your session. Choose outfits that represent you and what you like. Bring trendy, classic, formal or sports attire to represent your different sides. Bring different colored clothing that represents all of the seasons despite the time of year it may be. This will give you the most variety in your portraits. Don't worry too much about shoes for every outfit. A lot of what we shoot is 3/4 shot and does not show your feet. We want you to look your best in the portraits; therefore, we recommend that you bring a few extra outfits with you so we can help you select the clothing that will photograph the best.

Accessorize your outfits to reflect your style! Boots, jackets, coats, belts, jewelry and scarves make great additions to your outfits.

Personal items help tell your personal story. Think about what you like to do and bring it with you. Popular items are ipods, phones, sports gear, instruments, medals and trophies, hunting equipment, uniforms, art supplies, cooking items, and even shopping bags!

Why Lynn Brown?

We are a full service studio offering our clients unique products designed with your style in mind. Through our various session types, we offer both traditional and contemporary portraits to satisfy everyone. Whether you love being photographed and want to have a long session, or you just need your drape or tux taken, we can schedule sessions all year-round. Our studio facilities allow us to create stunning photographs for any season.

Senior Portraits are an investment.

We know that the quality of our portraits far exceeds the quality of the ones that you have taken at your school. With our customer's wants and needs in mind, we have created a pricing structure that allows you to have a variety of products and poses. We give a 10% discount on our collections, when you order within 3 weeks of your portrait session. We also offer bonus gifts to our customers. Payment plans and incentive programs are available.

How will I view my portraits?

You will view your senior portraits here, at our studio, in our theater room. We are able to show you different cropping, portrait sizes, products, and help you with the selection process. Please bring everyone who would like to view your portraits and make decisions on poses with you to your scheduled session. Your selection appointment can last up to an hour to allow you time to make your choices. Unfortunately, online viewing is not available at this time.

THE WOW SERIES!

The Wow Series is our illustrative work at its best. These are truly one of a kind images that are created from multiple images that are designed to help tell the story of who you are. These illustrations are a culmination of experienced professional photography, special

lighting in some cases, special backgrounds and our vast knowledge in graphic design to create a real WOW piece for you. Your senior year is one of the best times to have an illustration like this created. It is a great way to showcase all the facets of your senior year and show your personality.

This session does require extra time and often several extra hours of graphic design so please be sure to let us know ahead of time when scheduling your session.

BEFORE & AFTER

Sessions and pricing to fit any budget!

Extreme Senior Experience.....\$159

Have the session you want, the way you want it! Choose your favorite Ultimate Option, Designer Option, and 10 backgrounds from our Outdoor Options or Studio Options. This session includes up to 4 outfits of your choice and typically lasts about 1.5 hours. You will have 45 Proofs to choose from.

Combo 3 Indoor & Outdoor.....\$115

This is a great way to get both a studio look and an outdoor look. Choose your favorite 6 backgrounds from our Outdoor Options or Studio Options to create your perfect session. This 1-hour session includes up to 3 outfits of your choice and 30 proofs to choose from!

Studio Indoor 3....\$90

Plain and simple, bring in up to three outfits and we will get creative in our studio camera room with our numerous backgrounds scenes and professional lighting.

Studio Tux/Drape....\$30

Plain and simple, formal. The classic tux or drape or simply one outfit in the studio camera room.

Designer & Ultimate Options

You can add our Designer Options to any session. This is a great way to further customize your session by adding a little something extra.
